Research Assistantship in Computer Science/Electrical and Electronics Engineering available at Özyeğin University.

Research assistantship available at Özyeğin University for MS and PhD students interested in programming language concepts. The project is funded by Microsoft Research.

Candidates are expected to have experience in functional programming (e.g. in F#, OCaml, SML, Haskell, Scheme, etc.) and background in programming language semantics.

Eligibility:

- 4th grade, MS or PhD student in a Computer Engineering, Computer Science, Information Science, Mathematics, or related program.
- Good command of English (written and spoken).

Appointed student will receive full financial support and will have the opportunity to present the work at Microsoft Research.

To apply, please send a resume and a list of relevant courses you have taken to Dr. Barış Aktemur (baris.aktemur@ozyegin.edu.tr).
